## About Boston Bagel

Boston Bagel Company is founded on the principle of providing consumers high quality food with exceptional customer service. Our menu is incredibly simple yet highly customizable. Pairing our New York style bagels with homemade cream cheese and over 25 types of hot and iced coffee.

## Boston Bagel Company Training

At Boston Bagel Company we have created a community where employees enjoy coming to work each day. As a Boston Bagel Company Franchisee you will have the opportunity to be trained for up to 90 days in one of our existing locations.

Our goal is to set franchisees up for success who can learn and operate all of our systems with the support of the Franchisor. Franchisor will train Franchisees with previous experience in the Quick Service Restaurant industry for the first two weeks after opening for business.

## Site Selection

Boston Bagel Company franchisees will receive guidance through the site selection process, and negotiation of the business deal.
